Post Treatment Recommendations

1. Don't get lashes wet for 24 hours.
2. Keep away from heat or steam ie hot oven, steam rooms saunas as this steam will heat up glue and may cause lashes to drop.
3. Don't use oil based products ie cremes , waterproof spf or make up.
4. Remove make up around eye with a gentle , tiny amount of baby no tear shampoo mixed with water to a foam , use the foam on a clean soft brush to clean the roots of the lashes, this prevents blepharitis and prevents infection.
5. Do not rub eyes or pick lashes or you may loose your own natural lashes.
6. Please see trained technician to remove your lashes.
7. To extend the life of your lashes please book regular infill appointment 2-3 weeks apart.
